This Home Planting Guide FREE

YOU'LL be glad to have this New Year Book.

It will help you plan your home grounds and gardens; it gives you the very latest ideas about home landscaping; and it describes and illustrates the better varieties of hardy trees and plants.

The Year Book tells you :

- How to make a foundation planting.
- How to plan your flower garden.
- How to choose the right hedge.
- How to care for your plants.
- How to plant a successful forest.
- How to select proper shade trees.
- How to protect from wind and snow.

SPECIAL NOTE:—64 pages of illustrations and helpful suggestions and an attractive cover in four colors place this Year Book in the same class with the best Horticultural Magazines.

READ WHAT OTHERS SAY ABOUT THE YEAR BOOK

From Another Nurseryman

"I do not often write to anyone who sends a catalog to tell them how attractive it is, but I would feel rather remiss in ordinary courtesy if I did not just yield to the impelling force within me to tell you and your Company that the catalog that you have sent, strikes me as being, with no exception, the best Nursery catalog that I have ever seen."

"You know we take a good deal of pride in our own catalogs, so I am making the biggest acknowledgment to you that I am capable of."

From New York, N. Y.
"Thanks for the catalog. Take great pleasure in sending names on reverse, all of whom will be interested in your product and no doubt be good customers."

"Let me congratulate you on the make up of catalog which is the best I have ever seen and especially useful for the novice (like myself). Will send an initial order as soon as I can decide what is wanted."

From Clermont, Florida

"I want to thank you for the copy of Little Tree Farms Year Book which I have just received. It is most beautifully gotten up and is invaluable to me because of the information and suggestions it contains to help one in planning beautiful home grounds."

From Wayne, Penna.

"Please accept my thanks for your masterpiece of a catalog received this morning."
